(23rd to 30th Dec -2019)**

Date: 16-12-2019

To
The Principal/HOD,
Dear Sir/Madam

Sub: A one week research workshop on “TOTAL STATION
AND DGPS TRAINING PROGRAMME” – announcement –
Requested

We are pleased to inform you that the Department of Civil Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a “A one week research workshop on “TOTAL STATION AND DGPS TRAINING PROGRAMME” from 23-12-19 to 30-12-19. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

T.SAMBA SIVA

Objectives:

Familiarizing participants with the total station survey, tools, and commands relevant to surveying.

Demonstrating how to organize drawings effectively using layers and linetypes, ensuring clarity and ease of editing..

Introducing the concept of blocks and symbols to represent common architectural elements and fixtures, promoting efficiency and consistency in drafting.

Providing a basic understanding of total station concepts in surveying for those interested in plotting land calculations drafting techniques.

Outcomes

1. Participants should gain a comprehensive understanding of how Total Stations work, including their components..

2. Participants should learn how to effectively collect various types of data using a Total Station, such as measuring distances, angles, and elevations..

3. Understanding the factors that affect the accuracy and precision of Total Station measurements, and how to minimize errors in the field.

4. Workshops often include discussions on safety protocols and best practices to ensure the well-being of personnel and equipment during surveying activities.

5. Depending on the workshop format, participants may have the opportunity to gain hands-on experience with Total Station equipment through field exercises or simulations.

6. Participants may learn how to apply textures and adjust lighting settings within total station to create more realistic renderings of their architectural models.

Course Content

- Introduction to total station tools
- setting up surveying tools of total station
 - Understanding layers and components of total station.
 - Introduction to surveying in Total station
 - Understanding the Cartesian coordinate total station mechanism.
 - Adding entourage and context to surveying models
 - Rendering and exporting images for presentations and portfolios

Creating camera views and perspectives for presentations

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. They young and dynamic promoters have selected this rural area with lot of foresight. The institution is spread over 22 acres of lush Green land

and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, .DECS, CSE, CAD/CAM&MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students. Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

About department

ESWAR has a highly-specialised Civil Department that exposes students to a broad range of subjects involving advanced Civil engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the construction industry. The Department of Civil Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

Vision:

To impart knowledge and excellence in Civil Engineering and technology with global perspectives to our students and to make them ethically strong engineers to build our nation.

Mission:

To produce Civil Engineers of high calibre, technical skills and ethical values to serve the society and nation.

To make the department a centre of excellence in the field of civil engineering and allied research.

Objectives:

Objective of seminar on protection of transmission system by using GPS is protection of transmission lines using GPS. Explains about the protection scheme depends on the comparing positive sequence voltage magnitude at each bus during fault conditions inside a system protection center to detect the nearest bus to the fault. The new techniques depends on the synchronized phasor measuring technology with high speed communication system and transfer GPS systems.

Outcomes

Students can able to understand the positional protection using gps is a high speed protection systems and how it offers a high accuracy in fault location. Students are able to understand the proposed scheme uses a composite index to achieve high speed relaying tasks including fault detection, direction discrimination, and classification and also provide accurate fault location.

Course Content

- Explains about the protection scheme depends on the comparing positive sequence voltage magnitude at each bus.
- The new techniques depends on the synchronized phasor measuring technology
- The new technology with high speed communication system and transfer GPS systems

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instilling high patterns of discipline in order to set global standards and making the student technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The institution is spread over 22 acres of lush green landscape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The institution offers the UG Courses B.Tech- CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech- PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kottappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, the very first college in Andhra Pradesh.

About department

The Department of Electronics & Communication Engineering came into existence in 2001 immediately when the institute was founded. It started with an intake of 60 students which was subsequently raised to 120 over a period of time. It offers 4- a year B.Tech degree program in Electronics & Communication Engineering, 2 Year M.Tech degree in Digital Electronics and Communication system with an intake of 18.

Vision: To excel in the emerging fields of electronics and communication engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

Mission:

To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops.

To provide an ambience for research through collaborations with industry and academia.

OBJECTIVES:

The most important use of tidal energy is the generation of Electricity, called Tidal Electricity.

OUTCOMES

Using specially engineered generators in suitable locations, tidal energy can be converted into useful forms of power, including electricity.

COURSE CONTENT

Tidal energy is a form of hydropower that converts the energy obtained from tides into useful forms of power, similar to electricity. Tides are created by the gravitational effect of the moon and the sun on the earth causing cyclical movement of the swell.

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making the students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE,CSE,AME,ME,PG Courses M.Tech-PE&ED,DECS,CSE,CAD/CAM &MBA. The tourist places near by are Kotappakonda,Amaravathi,Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12,Bangalore, every first college in Andhra Pradesh

About department

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity - Space , Aviation, Power, Defense and of-course the elite Information technology as well .

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Mechanical Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

VISION:

To be regionally, nationally and internationally recognized in providing Mechanical Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

MISSION:

6. To educate, prepare and mentor students to excel as professionals.
7. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Mechanical Engineering.
8. To improve communication skills to excel in higher studies and placements.
9. To facilitate team work culture and improve the social standards and quality of life of graduates.

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making the students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The institution is spread over 22 acres of lush Greenland scape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, .DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

About department

The Department of Safety and Health (S&H) typically refers to a governmental or organizational department focused on ensuring the safety and health of individuals within a specific context, such as workplaces, communities, or public spaces. These departments are responsible for developing and enforcing regulations, conducting inspections, providing education and training, and responding to incidents or emergencies related to safety and health hazards.

Vision:

"To be a global leader in providing innovative solutions for sustainable living, empowering communities, and fostering environmental stewardship."

Mission:

"At S&H Corporation, we are committed to delivering high-quality products and services, that enhance the well-being of individuals and communities worldwide. Through relentless innovation, responsible business practices, and collaboration with stakeholders, we aim to create value for our customers, employees, and shareholders while contributing to a healthier, more sustainable planet."

Dear Sir/Madam

**Sub: A Three day research workshop on Data Science using
Python– announcement – Requested**

We are pleased to inform you that the Department of Computer Science and Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a “**Three day research workshop on Data Science using Python**” from 17/07/19 to 19/07/19. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

Objectives:

The course aims to understanding of machine learning algorithms and techniques implemented in Python libraries like Scikit-learn and Tensor Flow, empowering them to build predictive models, perform classification, regression, clustering, and understand model evaluation and optimization.

Outcomes:

1. Will be proficient in using Python libraries like Pandas and NumPy to clean, preprocess, analyze, and visualize large and complex datasets.
2. Will develop the capability to apply machine learning algorithms using Python libraries to build predictive models, perform data-driven decision-making, and contribute effectively to projects in various domains.

Course Content

1. Introduction to Python for Data Science, Data manipulation, and visualization.
2. Supervised, and un-supervised learning
3. Deep learning with tensor flow

about college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making the students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-E&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

About department

ESWAR has a highly-specialised Computer Science Department that exposes students to a broad range of subjects involving advanced computer engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the global software industry. The Department of Computer Science Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

Vision:

To excel in the emerging fields of computer science of engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

Mission:

To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops

To develop responsible citizens and professional leaders with high ethical and moral values, who contribute in dissemination of universal science and technology.

Objectives:

This workshop aims at imparting job-oriented training on PCB Design from an industry perspective. By providing software workshop to students, they will get idea on how to design in manual and auto routing PCBs with DIP and SMT components. By using this knowledge, they can develop simple real time projects. In this workshop we will use software for designing circuits.

Outcomes:

- Understanding Design Principles
- Hands-on Experience
- Understanding Problem-Solving Skills
- Professional Development & Skill Development

Course Content

- Introduction of PCB.
- Software Installation (Live wire, PCB Wizard, EDA, Eagle)
- 555 timers, Sensors
- Interfacing with sensors
- Battery saver with manual and auto routing.

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5th km stone on the Narasaraopet- Chilakaluripeta Road. The Institution offers the UG Courses B. Tech-CVIL, EEE, ECE, CSE, AME, ME, PG Courses M. Tech- PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, the very first college in Andhra Pradesh.

About department

The Department of Electrical & Electronics Engineering is established in 2008 and offering B. Tech with the intake of 60 seats in the academic year 2008. Department is also offering M. tech in Power Electronic and Electrical Drives from the academic year 2014 with the intake of 18 seats.

Vision -To be recognized for producing meritorious electrical engineers with research proficiency and social commitment

Mission:

- Impart quality education with practice based learning in producing electrical engineers with ethical values
- Encourage the faculty and students to acquire industry in return for technology.

Objectives:

The direct conversion of sunlight into energy allows these power vehicles to run entirely without using any fuels. They have a variety of significant functions in many industries, with the reduction of pollution being their main goal.

Outcomes:

- 1) Learn You can generate electricity (photovoltaic) or heat (solar thermal).
- 2) Solar energy can be used to produce electricity in areas without access to the energy grid.
- 3) To distil water in regions with limited clean water supply and to power satellites in space.

Course Content

Solar energy is defined as the transformation of energy that is present in the sun and is one of the renewable energies. Once the sunlight passes through the earth's atmosphere, most of it is in the form of visible light and infrared radiation.

About department

Automobile Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many Automobile engineers to occupy responsible positions practically in every field of activity - Space , Aviation, Power, Defense and of-course the elite Information technology as well.

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Automobile Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

VISION:

To be regionally, nationally and internationally recognized in providing Automobile Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

MISSION:

1. To educate, prepare and mentor students to excel as professionals.
2. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Automobile Engineering.
3. To improve communication skills to excel in higher studies and placements.

Date: 02-01-2020.

To

The Principal/HOD,

Dear Sir/Madam

Sub: A One day **Research** Seminar on GREEN CHEMISTRY
– announcement – Requested

We are pleased to inform you that the SCIENCE & HUMANITIES department of **ESWAR COLLEGE OF ENGINEERING** is organizing a One Day Research Seminar on "GREEN CHEMISTRY" on 07-01-2020. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this seminar.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

Objectives:

- **Resource Efficiency**
- **Pollution Prevention**
- **Safer Chemicals**
- **Renewable Feedstocks**
- **Energy Efficiency**
- **Life Cycle Assessment**

OUTCOMES:

- **Reduction of Hazardous Substances**
- **Decreased Pollution**
- **Energy Savings**
- **Improved Safety**
- **Market Competitiveness**
- **Innovation and Collaboration**
- **Global Impact**

Course Content:

- Definition and principles of green chemistry
- Biomass conversion technologies
- Historical background and evolution of green chemistry
- Atom economy concept and its significance in minimizing waste generation
- Importance and relevance of green chemistry in addressing environmental and societal challenges
- Utilization of renewable resources as feedstocks for chemical synthesis

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making he students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

About department

The Department of Safety and Health (S&H) typically refers to a governmental or organizational department focused on ensuring the safety and health of individuals within a specific context, such as workplaces, communities, or public spaces. These departments are responsible for developing and enforcing regulations, conducting inspections, providing education and training, and responding to incidents or emergencies related to safety and health hazards.

Vision:

"To be a global leader in providing innovative solutions for sustainable living, empowering communities, and fostering environmental stewardship."

Mission:

"At S&H Corporation, we are committed to delivering high-quality products and services that enhance the well-being of individuals and communities worldwide. Through relentless innovation, responsible business practices, and collaboration with stakeholders, we aim to create value for our customers, employees, and shareholders while contributing to a healthier, more sustainable planet."

Objectives:

Familiarizing participants with the AutoCAD software interface, tools, and commands relevant to building drafting.

Demonstrating how to organize drawings effectively using layers and line types, ensuring clarity and ease of editing..

Introducing the concept of blocks and symbols to represent common architectural elements and fixtures, promoting efficiency and consistency in drafting.

Providing a basic understanding of 3D modelling concepts in AutoCAD for those interested in exploring architectural visualization or advanced drafting techniques.

Outcomes

1. Participants will learn how to create 3D models of architectural elements such as buildings, structures, and interior spaces using AutoCAD's modelling tools.
2. Participants will learn how to organize 3D models using layers and apply materials to different components to enhance visual representation and realism.
3. Participants may learn how to apply textures and adjust lighting settings within AutoCAD to create more realistic renderings of their architectural models..
4. Depending on the workshop's level, participants may explore more advanced features of AutoCAD for architectural modelling, such as parametric constraints, dynamic blocks, or advanced rendering settings.
5. Participants may learn how to create 2D documentation from their 3D models, including generating floor plans, elevations, and sections for architectural drawings
6. Participants may learn how to apply textures and adjust lighting settings within AutoCAD to create more realistic renderings of their architectural models

Course Content

- Introduction to 2D drafting tools and commands
 - setting up drawing units and scales for architectural drafting
 - Understanding layers, line types, and colors in AutoCAD
 - Introduction to 3D modeling in AutoCAD
 - Understanding the Cartesian coordinate system in 3D space
 - Extruding and revolving 2D objects to create 3D forms
 - Creating basic architectural elements such as walls, doors, windows, and roofs in 3D
- Exploring the Material Editor in AutoCAD
- Mapping materials onto surfaces for realistic rendering
 - Creating camera views and perspectives for presentations
 - Adding entourage and context to architectural models
 - Rendering and exporting images for presentations and portfolios
 - Creating walkthrough animations of architectural designs

Exploring advanced rendering settings and techniques

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust.

with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. They young and dynamic promoters have selected this rural area with lot of foresight. The institution is spread over 22 acres of lush Green land

and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, .DECS, CSE, CAD/CAM&MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students. Digital Class facility is also provided in association with Manipal K12, Bangalore. every first college in Andhra Pradesh

About department

ESWAR has a highly-specialised Civil Department that exposes students to a broad range of subjects involving advanced Civil engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the construction industry. The Department of Civil Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

Vision:

To impart knowledge and excellence in Civil Engineering and technology with global perspectives to our students and to make them ethically strong engineers to build our nation.

Mission:

To produce Civil Engineers of high calibre, technical skills and ethical values to serve the society and nation.

To make the department a centre of excellence in the field of civil engineering and allied research.

About department

The Department of Electronics & Communication Engineering came into existence in 2001 immediately when the institute was founded. It started with an intake of 60 students which was subsequently raised to 120 over a period of time. It offers 4- a year B.Tech degree program in Electronics & Communication Engineering, 2 Year M.Tech degree in Digital Electronics and Communication system with an intake of 18.

Vision: To excel in the emerging fields of electronics and communication engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

Mission:

To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops.

To provide an ambience for research through collaborations with industry and academia.

Report of the Program

Program Name: A TWO day workshop on Smart Irrigation System using IOT.

Dates :: 03-01-20 to 04-01-20

No of days :: 02

Room no :: 120

No of participants :: 67

Resource Person:: Ch. Rama Koteswara Rao Assoc.Prof

Dept of ECE , Sri Chundi Ranganayakulu Engineering College

Topics covered ::

- 1) Sensors are placed inside the soil
- 2) Sensors uses two probes which sense the moisture level in the soil
- 3) Moisture level readings are sent to the Arduino controller
- 4) Soil sensor is analog
- 5) The analaog signals are converted into digital form an in built ADC present in Arduino controller

Program outcomes ::

- 1) learn the basics of IOT and its applications
- 2) Build your own IOT system using Arduino Uno
- 3) Work with Soil moisture sensors to detect the change in moisture level.
- 4) Setup IOT connectivity using ESP8266 wifi Module
- 5) Understand Arduino Architecture and programming
- 6) Develop and test an IOT based Smart Irrigation system

To

The Principal/HOD,

Dear Sir/Madam

Sub: A Research workshop on Marine Engines – announcement
– Requested

We are pleased to inform you that the Department of Mechanical Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a **Research workshop on “Marine Engines”** from 09/09/2019 To 11/09/2019. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

IVES:

3D printing allows for the design and print of more complex designs than traditional manufacturing processes.

2. More traditional processes have design restrictions which no longer apply with the use of 3D printing.

OUTCOMES

1. 3D printing has been used for various purposes, such as prototyping, art, medicine, and engineering.
2. However, in recent years, 3D printing has also emerged as a powerful tool for learning and teaching in various disciplines, especially in the geoscience field

COURSE CONTENT

. Engine: Engine is a device which transforms the chemical energy of a fuel into thermal energy and uses this energy to produce mechanical work. Heat engines are divided into two broad classes.

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making he students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5th km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

About department

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity - Space, Aviation, Power, Defense and of-course the elite Information technology as well.

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Mechanical Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

VISION:

To be regionally, nationally and internationally recognized in providing Mechanical Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

MISSION:

1. To educate, prepare and mentor students to excel as professionals.
2. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Mechanical Engineering.
3. To improve communication skills to excel in higher studies and placements.
4. To facilitate team work culture and improve the social standards and quality of life of graduates.
5. To improve the research activities of the students

Report of the Program

Program Name: A Research workshop on “Marine Engines”

Dates: 09/09/2019 To 11/09/2019

No of days: 03

Room no: 223

No of participants: 83

Resource Person: Dr. S.RAMA RAOTEC,NRT

Topics covered:

- 1) Introduction about marine engines
- 2) Main parts and details of Marine engines
- 3) Working principle of marine engine
- 4) Practice on different types of models on Marine engines

Program outcomes:

1) Marine diesel engines from Wärtsilä are reliable and deliver optimal power output with better fuel economy. Get the latest technologies and innovations that help you reduce emissions. Diesel engines are efficient, safe, and easy to maintain.

Objectives:

An engine or motor is a machine designed to convert one or more forms of energy into mechanical energy. An animation showing the four stages of the four-stroke gasoline-fueled internal combustion cycle with electrical ignition source: Induction (Fuel enters) Compression.

Outcomes:

- 1). Stirling engine have two piston that creates a 90-degree phase angle and two different temperature spaces.
- 2) .The working gas in the engine is perfectly sealed, and does not go in and out to atmosphere.
- 3). The Stirling engine uses a Stirling cycle, which is unlike the cycle used in normal internal combustion engine.

Course Content

Engine Pollution Harms the Environment and Health. Carbon monoxide, nitrogen oxides, and hydrocarbons are released when fuel burns in an internal combustion engine. They may also be released when vehicle tailpipes emit air and fuel residuals.

Report of the Program

Program Name: Three Day Research SEMINAR ON Pollution Less Engines.

Dates :: 26/08/2019 to 28/08/2019.

No of days :: 03

Room no :: 223

No of participants :: 20

Resource Person:: P.GANGADHA RAO, M.Tech.

Dept of ME , AEC.

Topics covered ::

- 1) Introduction about Pollution Less Engines.
- 2) Main parts and details of Pollution Less Engines.
- 3) Working principle of Pollution Less Engines.
- 4) Practice on different types of models on Pollution Less Engines Program

outcomes ::

- 1). Stirling engine have two piston that creates a 90-degree phase angle and two different temperature spaces.
- 2) The working gas in the engine is perfectly sealed, and does not go in and out to atmosphere.
- 3) The Stirling engine uses a Stirling cycle, which is unlike the cycle used in normal internal combustion engine.

A Three-day Research Workshop on

“PLC FUNDAMENTALS”

(13th to 15th, FEB-2020)

Date: 30-01-2020

To
The Principal/HOD,

Dear Sir/Madam

Sub: A Three-day Research workshop on PLC
FUNDAMENTALS – announcement – Requested

We are pleased to inform you that the department of Electrical and Electronics Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a three-day Research workshop on **“PLC FUNDAMENTALS”** from 13/02/2020 to 15/02/2020. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

Dr. V. Praveen

Objectives:

By providing basics on workshop to students, A programmable logic controller (PLC) is an electronic device used in many industries to monitor and control building systems and production processes, unlike PCs and smart phones, which are designed to perform any number of roles, a PLC is designed to perform a single set of tasks, except under real time constraints and with superior reliability and performance.

Outcomes:

- Troubleshooting and Debugging
- Engaging in practical exercises and simulations to reinforce theoretical concepts, including programming tasks and hardware setup.
- Integration with Industrial Systems :
 - Exploring how PLCs integrate with other industrial control systems such as SCADA (Supervisory Control and Data Acquisition) and HMI (Human-Machine Interface) systems.
 - Understanding safety standards and protocols relevant to PLC systems, including emergency stop procedures, interlocking mechanisms, and safety relay circuits.

Course Content

- Introduction to PLC Programming & its types and Automation.
- Introduction to Ladders, Latching concepts.
- Introduction to Blinking, Memory coils.
- Problems based on Sensors, NO & NC.

About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5th km stone on the Narasaraopet-Chilakaluripeta Road. The Institution offers the UG Courses B. Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M. Tech-PE&ED, DECS, CSE, CAD/CAM&MBA. The tourist places nearby are Kotappakonda, Amaravathi, Suryalanka Beach, Eswar College of Engineering is having MOU with International Institute of Information Technology IIIIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, the very first college in Andhra Pradesh.

About department

The Department of Electrical & Electronics Engineering is established in 2008 and offering B. Tech with the intake of 60 seats in the academic year 2008. Department is also offering M. Tech in Power Electronic and Electrical Drives from the academic year 2014 with the intake of 18 seats.

Vision: "To be recognized for producing meritorious electrical engineers with research proficiency and social commitment"

Mission:

- Impart quality education with practice-based learning in producing electrical engineers with ethical values
- Encourage the faculty and students to acquire quality in-country and foreign technologies
- Implement research activities with social commitment
