Sub: A **THREE-DAY RESEARCH WORKSHOP ON CFD**–  
announcement – Requested

We are pleased to inform you that the Department of Mechanical Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a **THREE-DAY RESEARCH WORKSHOP ON “CFD”** from **01/12/21 to 03/12/21**. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

## OBJECTIVES:

1. This study analyses turbulent flow and heat transfer of 3D perforated finned heat sink.
2. Using CFD and response surface methodology (RSM) methods.
3. Fins with square perforations in high  $\sigma$  and fins with circular perforations in low  $\sigma$  could achieve exceptional thermal performance.

## OUTCOMES

1. The student will demonstrate the ability to use modern CFD software tools to build flow geometries
2. The student will demonstrate an ability to recognize the type of fluid flow that is occurring in a particular physical system

## COURSE CONTENT

The objective of the course is to train students/college teachers/design professionals to solve computational fluid dynamics (CFD) problems ...

## About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard sand making he students technologically superior and ethically strong. They young and dynamic promoters has elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE,CSE,AME,ME,PG Courses M.Tech-PE&ED,DECS,CSE,CAD/CAM &MBA. The tourist places near by are Kotappakonda,Amaravathi,Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12,Bangalore, every first college in Andhra Pradesh

## About department

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity - Space , Aviation, Power, Defense and of-course the elite Information technology as well .

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Mechanical Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

### VISION:

To be regionally, nationally and internationally recognized in providing Mechanical Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

### MISSION:

1. To educate, prepare and mentor students to excel as professionals.
2. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Mechanical Engineering.
3. To improve communication skills to excel in higher studies and placements.
4. To facilitate team work culture and improve the social standards and quality of life of graduates.
5. To improve the research activities of the students

### Objectives:

Biometric Authentication  
Biometric Identification  
Physiological Measurements  
Behavioral Measurements

### Outcomes

- learn about Biometric devices and its applications
  - Build your Biometric Authentication using finger print scanner
  - Work with Arduino, Biometric scanner, LCD display etc..
- 
- Test your project with your own finger print
- 
- Understand and implement Arduino programming

### Course Content

- What is biometric Authentication ?
- What is multi factor Authentication ?
- biometric Authentication Vs Verification
- Benefits of biometric Authentication for Enterprise Security
- Must have Feature for Biometric Authentication Tools

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chikaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, the very first college in Andhra Pradesh

### About department

The Department of Electronics & Communication Engineering came into existence in 2001 immediately when the institute was founded. It started with an intake of 60 students which was subsequently raised to 120 over a period of time. It offers 4- a year B.Tech degree program in Electronics & Communication Engineering, 2 Year M.Tech degree in Digital Electronics and Communication system with an intake of 18.

**Vision:** To excel in the emerging fields of electronics and communication engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

#### Mission:

• To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops.

• To provide an ambience for research through collaborations with industry and academia.

## Objectives:

Familiarizing participants with the AutoCAD software interface, tools, and commands relevant to building drafting.

Demonstrating how to organize drawings effectively using layers and line types, ensuring clarity and ease of editing.

Introducing the concept of blocks and symbols to represent common architectural elements and fixtures, promoting efficiency and consistency in drafting.

Providing a basic understanding of 3D modeling concepts in AutoCAD for those interested in exploring architectural visualization or advanced rendering techniques.

## Outcomes

1. Participants will learn how to create 3D models of architectural elements such as buildings, structures, and interior spaces using AutoCAD's modeling tools.

2. Participants will learn how to organize 3D models using layers and apply materials to different components to enhance visual representation and realism.

3. Participants may learn how to apply textures and adjust lighting settings within AutoCAD to create more realistic renderings of their architectural models.

4. Depending on the workshop's level, participants may explore more advanced features of AutoCAD for architectural modeling, such as parametric constraints, dynamic blocks, or advanced rendering settings.

5. Participants may learn how to create 2D documentation from their 3D models, including generating floor plans, elevations, and sections for architectural drawings

6. Participants may learn how to apply textures and adjust lighting settings within AutoCAD to create more realistic renderings of their architectural models

## Course Content

- Introduction to 2D drafting tools and commands
- Setting up drawing units and scales for architectural drafting

- Understanding layers, line types, and colors in AutoCAD
- Introduction to 3D modeling in AutoCAD
- Understanding the Cartesian coordinate system in 3D space
- Extruding and revolving 2D objects to create 3D forms
- Creating basic architectural elements such as walls, doors, windows, and roofs in 3D

- Exploring the Material Editor in AutoCAD
- Mapping materials onto surfaces for realistic rendering

- Creating camera views and perspectives for presentations
- Adding entourage and context to architectural models
- Rendering and exporting images for presentations and portfolios
- Creating walkthrough animations of architectural designs

Exploring advanced rendering settings and techniques

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5<sup>th</sup> km stone on the Narasaraopet- Chilakaluripeta Road. The Institution offers the UG Courses B. Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M. Tech- PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology HIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, the very first college in Andhra Pradesh.

### About department

The Department of Electrical & Electronics Engineering is established in 2008 and offering B. Tech with the intake of 60 seats in the academic year 2008. Department is also offering M. tech in Power Electronic and Electrical Drives from the academic year 2014 with the intake of 18 seats.

**Vision:** "To be recognized for producing meritorious electrical engineers with research proficiency and social commitment"

### Mission:

- Impart quality education with practice based learning in producing electrical engineers with ethical values
- Encourage the faculty and student to acquire mastery in cutting-edge technologies
- Implement research activities with social commitment

### Objectives:

The course aims to understanding of machine learning algorithms and techniques implemented in Python libraries like Scikit-learn and Tensor Flow, empowering them to build predictive models, perform classification, regression, clustering, and understand model evaluation and optimization.

### Outcomes:

1. Will be proficient in using Python libraries like Pandas and NumPy to clean, preprocess, analyze, and visualize large and complex datasets.
2. Will develop the capability to apply machine learning algorithms using Python libraries to build predictive models, perform data-driven decision-making, and contribute effectively to projects in various domains.

### Course Content

1. Introduction to Python for Data Science, Data manipulation, and visualization.
2. Supervised, and un-supervised learning
3. Deep learning with tensor flow

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making the students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

### About department

ESWAR has a highly-specialised Computer Science Department that exposes students to a broad range of subjects involving advanced computer engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the global software industry. The Department of Computer Science Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

#### Vision:

To excel in the emerging fields of computer science of engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

#### Mission:

To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops  
To develop responsible citizens and professional leaders with high ethical and moral values, who contribute in dissemination of universal science and technology.

**Objectives:**

Due to its time-saving benefits and high productivity, robotic welding has become important in metal and heavy industries, and especially in the automotive industry that employs spot and laser welding.

**Outcomes:**

1. Robotic welding stands as a ground-breaking innovation Revolutionizing manufacturing by offering unparalleled Efficiency and productivity.
2. particularly in large-scale projects.
3. Its advantages include superior weld quality, increased output, reduced scrap, and lowered labor costs..

**Course Content**

Students will learn to program a welding robot through a teach pendant and through simulation software, edit programs, set weld schedules, as well as learn basic operator controls and indicators on the teach pendant and operator panel.

## About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5<sup>th</sup> km stone on the Narasaraopet- Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech- VLSI, ME&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Suryanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT- Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal CIE, Bangalore, the very first college in Andhra Pradesh

## About department

Automobile Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many Automobile engineers to occupy responsible positions practically in every field of activity - Space, Aviation, Power, Defense and of-course the elite Information Technology as well.

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Automobile Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

### VISION:

To be regionally, nationally and internationally recognized in providing Automobile Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

### MISSION:

1. To educate, prepare and mentor students to excel as professionals.
2. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Automobile Engineering.
3. To improve communication skills to excel in higher studies and placements.
4. To facilitate team work culture and improve the social standards and quality of life of graduates.

#### Report of the Program

**Program Name:** ONE WEEK RESEARCH WORKSHOP ON WELDING ROBOTS

**Dates ::** 18-04-2022 TO 23-04-2022

**No of days ::** 06

**Room no ::** 223

**No of participants ::** 25

**Resource Person::** Dr.K.SURESH , M.Tech. Ph.D

Dept of ME , HIT

- Topics covered ::**
- 1) Introduction about WELDING ROBOTS.
  - 2) Main parts and details of WELDING ROBOTS.
  - 3) Working principle of WELDING ROBOTS.
  - 4) Practice on different types of models on WELDING ROBOTS.

- Program outcomes ::**
- 1) Robotic welding stands as a ground-breaking innovation Revolutionising manufacturing by offering unparalleled Efficiency and productivity.
  - 2) particularly in large-scale projects.
  - 3) Its advantages include superior weld quality, increased output, reduced scrap, and lowered labour costs..

To

The Principal/HOD,

Dear Sir/Madam

Sub: A Three day research workshop on C# .Net–  
announcement – Requested

We are pleased to inform you that the Department of Computer Science and Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a “**Three day research workshop on C# .Net**” from 1/03/2022 to 3/03/2022. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

### Objectives:

The course aims to Equip participants with the foundational knowledge and practical skills required to develop applications using C# .NET framework, covering key concepts such as syntax, object-oriented programming principles, GUI development, and database connectivity within a three-day timeframe.

### Outcomes:

1. Will gain a solid understanding of C# syntax, data types, control structures, and object-oriented programming principles, enabling them to write clean, efficient, and maintainable code.
2. Will develop the skills to create desktop, web, or mobile applications using the .NET framework, including GUI development with WinForms or ASP.NET, and database connectivity with ADO.NET or Entity Framework.

### Course Content

1. Overview of C# language and its role in the .NET ecosystem, Understanding the .NET framework and its components
2. Setting up development environment (Visual Studio), Writing your first C# program, Exploring basic syntax, data types, and variables

### Resource Person

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust. with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the student technologically superior and ethically strong. They young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Green land scape

and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PF&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students. Digital Class facility is also provided in association with Manipal K12, Bangalore. every first college in Andhra Pradesh

### About department

ESWAR has a highly-specialised Computer Science Department that exposes students to a broad range of subjects involving advanced computer engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the global software industry. The Department of Computer Science Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

### Vision:

To excel in the emerging fields of computer science of engineering by conducting cutting-edge research, advocating for ethical principles, and addressing societal needs

### Mission:

To provide strong fundamentals and technical skills through effective teaching learning Methodologies, disseminate knowledge by organizing seminars, field visits and workshops  
To develop responsible citizens and professional leaders with high ethical and moral values. who contribute in

**Report of the Program**

**Program Name:** A THREE DAY RESEARCH WORKSHOP ON C# .Net

**Dates:** 1-03-2022 TO 3-03-2022

**No of days:** 03

**Room no:** 202

**No of participants:** 56

**Resource Person:** B. ChakriLohith, SJSolutions, Hyderabad

**Topics covered:**

Day 1: Overview of C# language and its role in the .NET ecosystem, Understanding the .NET framework and its components, setting up development environment (Visual Studio)

Day 2: Introduction to Object-Oriented Programming (OOP), Classes and Objects in C#, Inheritance and Polymorphism.

Day 3: Advanced Topics and Application Development, Exception Handling, Database Connectivity with ADO.NET, Introduction to ASP.NET for Web Development.

**Program outcomes:**

1. Will gain a solid understanding of C# syntax, data types, control structures, and object-oriented programming principles, enabling them to write clean, efficient, and maintainable code.
2. Will develop the skills to create desktop, web, or mobile applications using the .NET framework, including GUI development with Win Forms or ASP.NET, and database connectivity with ADO.NET or Entity Framework.

**OBJECTIVES:** To facilitate students to understand, design and learn Robotics.

1. Provide interested students with opportunities to express their skills, knowledge, and creativity through conceptualizing, designing, and programming robots.

2. Brining latest technologies in automation and manufacturing sectors

4. Firsthand experience on industrial robots for the students

5. Learning with industry – driven production Requirements.

**OUTCOMES:**

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

3. an ability to communicate effectively with a range of audiences.

**COURSE CONTENT**

... Introduction to Robotics & Robotics Systems.

Understanding robotics systems in depth and its applications.

Understanding more about microcontrollers.

Understanding and developing robotic arms and its applications.

Understanding and designing wheelchair chassis.

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making he students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DFCS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology HIT-Hyderabad and introduced CTT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

### About department

Mechanical Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many mechanical engineers to occupy responsible positions practically in every field of activity - Space, Aviation, Power, Defense and of-course the elite Information technology as well.

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Mechanical Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

### VISION:

To be regionally, nationally and internationally recognized in providing Mechanical Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

### MISSION:

1. To educate, prepare and mentor students to excel as professionals.
2. To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Mechanical Engineering.
3. To improve communication skills to excel in higher studies and placements.
4. To facilitate team work culture and improve the social standards and quality of life of graduates.
5. To improve the research activities of the students

### About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standard and making the students technologically superior and ethically strong. They young and dynamic promoters have elected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, .DECS, CSE, CAD/CAM & MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

### About department

The Department of Safety and Health (S&H) typically refers to a governmental or organizational department focused on ensuring the safety and health of individuals within a specific context, such as workplaces, communities, or public spaces. These departments are responsible for developing and enforcing regulations, conducting inspections, providing education and training, and responding to incidents or emergencies related to safety and health hazards.

### Vision:

"To be a global leader in providing innovative solutions for sustainable living, empowering communities, and fostering environmental stewardship."

### Mission:

"At S&H Corporation, we are committed to delivering high-quality products and services that enhance the well-being of individuals and communities worldwide. Through relentless innovation, responsible business practices, and collaboration with stakeholders, we aim to create value for our customers, employees, and shareholders while contributing to a healthier, more sustainable planet."

To

The Principal/HOD,

Dear Sir/Madam

Sub: A One week research workshop on “STRUCTURAL ANALYSIS BY USING E-TABS SOFTWARE” – **announcement** – Requested

We are pleased to inform you that the Department of Civil Engineering, **ESWAR COLLEGE OF ENGINEERING** is organizing a “A One week research workshop on “STRUCTURAL ANALYSIS BY USING E-TABS SOFTWARE” from 21-02-22 to 26-02-22. The details are furnished in the enclosed brochure.

We request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this workshop.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

## Objectives:

Familiarizing participants with the software's interface, functionalities, and capabilities.

Providing a theoretical background on structural analysis principles, including static and dynamic analysis, load combinations.

Exploring advanced features of ETABS, such as the integration of BIM (Building Information Modeling), parametric modeling.

Discussing the interoperability of ETABS with other software packages commonly used in structural engineering workflows.

## Outcomes

1. Attendees should have a solid understanding of fundamental structural analysis principles, including static and dynamic analysis.
2. Participants should be able to create accurate and efficient structural models within ETABS, including defining geometric and material properties.
3. Participants should understand how to apply relevant design codes and standards within the ETABS environment, ensuring that structural designs comply with regulatory requirements and industry best practices.
4. Participants should learn efficient workflow practices within ETABS, including model organization, parameterization.
5. The workshop should inspire participants to continue learning and exploring advanced features of ETABS, staying updated on new developments in structural analysis software and methodologies.
6. Participants may have the opportunity to network with peers and industry professionals during the workshop.

## Course Content

- Overview of ETABS software
- Features and capabilities
- System requirements and installation  
Creating a new project
- Building geometry
- Defining materials and sections
- Assigning supports and boundary conditions
- Viewing and understanding analysis output
- Deflection, reactions, and internal forces
- Mode shapes and natural frequencies
- Overview of relevant design codes and standards
- Code-based design in ETABS
- Checking design compliance and optimizing designs
- Model organization and management
- Parametric modeling and automation
- Performance optimization and efficiency tips

**About college**

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the student technologically superior and ethically strong. They young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush Greenland scape and located at 5<sup>th</sup> km stone on the Narasaraopet-Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM&MBA. The tourist places nearby are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology HIT-Hyderabad and introduced CIT Programme for students. Digital Class facility is also provided in association with Manipal K12, Bangalore, every first college in Andhra Pradesh

**About department**

ESWAR has a highly-specialised Civil Department that exposes students to a broad range of subjects involving advanced Civil engineering and its application in industry. The curriculum relies heavily on industry-academia interaction and responds to the current needs and trends in the construction industry. The Department of Civil Engineering is established in 2008. It offers B.Tech programme with a student intake of 60.

**Vision:**

To impart knowledge and excellence in Civil Engineering and technology with global perspectives to our students and to make them ethically strong engineers to build our nation.

**Mission:**

To produce Civil Engineers of high caliber, technical skills and ethical values to serve the society and nation.

To make the department a centre of excellence in the field of civil engineering and allied research.

**Resource Person:** V.BRAMESH from APSSDC.

#### • Topics covered:

- 1) Static analysis
- 2) Dynamic analysis (response spectrum, time history)
- 3) Nonlinear analysis
- 4) Introduction to design codes and standards
- 5) Performing code-based design checks

**Program outcomes:** 1) Participants should be able to navigate the ETABS interface confidently, utilizing its various tools and features effectively for structural modeling.

2) Participants should be able to apply different types of loads (e.g., gravity loads, lateral loads) and define appropriate boundary conditions to simulate real-world structural scenarios.

3) Optimizing structural designs within the ETABS environment

## THREE DAY RESEARCH SEMINAR on “ANTI-LOCK BRAKING SENSORS”

(13/12/2021 to 15/12/2021)

Date: 11-12-2021.

To

The Principal/HOD,

Dear Sir/Madam

Sub: Three day Research seminar on “ANTI-LOCK  
BRAKING SENSORS” – Requested

We are pleased to inform you that the Automobile Engineering department of **ESWAR COLLEGE OF ENGINEERING** is organizing a Three day Research Seminar on “ANTI-LOCK BRAKING SENSORS” in 13/12/2021 to 15/12/2021. The details are furnished in the enclosed brochure.

We earnestly request you to give wide publicity among the students by displaying the brochure. I further request you to encourage your students to participate in this Seminar.

Thanking you for your kind co-operation and looking forward to participate more from your college.

Yours truly,

(Mr.R.RAMBABU)

**Objectives:**

The main purpose of ABS is to prevent skidding where loss of steering and control result from locked wheels when braking hard. Such systems are now fitted to many new cars. This is intended to provide additional steering in the emergency situation, not to decrease stopping distances.

**Outcomes:**

- |   |
|---|
| 1. The ABS system is important because it significantly contributes to vehicle safety by preventing wheel lock-up.              |
| 2. Maintaining steering control, and enabling effective braking in diverse road conditions.                                     |
| 3. Its implementation has become a standard in modern vehicles, underscoring its crucial role in enhancing overall road safety. |

**Course Content**

wheel speed sensors, valves, a pump, and a controller. A speed sensor is used to determine the acceleration or deceleration of the wheel. These sensors use a magnet and a Hall effect sensor, or a toothed wheel and an electromagnetic coil to generate a signal.

**Resource Person:**

**1.Dr.G.TRISEKHAR

## About college

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic technical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5<sup>th</sup> km stone on the Narasaraopet- Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME. PG Courses M.Tech-PE&ED, DECS, CSE, CAD/CAM & MBA. The tourist places near by are Kotappakonda, Amaravathi, Surylanka Beach. Eswar College of Engineering is having MOU with International Institute of Information Technology IIT- Hyderabad and introduced CIT Programme for students Digital Class facility is also provided in association with Manipal K12, Bangalore. the very first college in Andhra Pradesh

## About department

Automobile Engineering is a core engineering discipline, the concepts of which are prerequisite for every other branch of engineering as rightly reflected by the curriculum framed by reputed universities all over the world. This is precisely the reason for many Automobile engineers to occupy responsible positions practically in every field of activity - Space , Aviation, Power, Defense and of-course the elite Information technology as well .

Modern technological developments covering MEMS, NANO, Biomedical etc have been a part of studies in this field of engineering only. The Department of Automobile Engineering is established in 2011. It offers B.Tech programme with a student intake of 60

### VISION:

To be regionally, nationally and internationally recognized in providing Automobile Engineering education, leading to well qualified engineers who are innovative, immediate contributors to their profession and successful in advanced studies.

### MISSION:

- 1.To educate, prepare and mentor students to excel as professionals.
- 2.To provide the facilities and environment conducive to high quality education to get diverse careers as well as research in the field of Automobile Engineering.
- 3.To improve communication skills to excel in higher studies and placements.
- 4.To facilitate team work culture and improve the social standards and quality of life of graduates.

The course aims to enable students to understand and apply core OOP principles such as classes, objects, inheritance, polymorphism, and encapsulation in Java programming projects.

**Outcomes**

1. Ability to design and implement robust Java applications, incorporating essential features like GUIs, networking, multithreading, and database connectivity to create portable software solutions.
2. Through Java programming, students will sharpen their problem-solving and analytical abilities, gaining the confidence to tackle real-world.

**Course Content**

1. Introduction to Java and its features, setting up Java Development Environment,
2. Basic syntax, data types, and operators, Control flow statements (if-else, loops)
3. Classes and objects, Inheritance and polymorphism, Exception handling.
4. File handling in Java, Introduction to GUI programming (Swing or JavaFX), and Introduction to database connectivity with JDBC.
