E-GOVERNANCE REPORT: 2021-22

E-Governance in the educational sector has revolutionized administration. Utilizing a data and processes model, it simplifies, organizes, and eliminates errors in institutional operations. The e-governance system of the institution is designed to be user-friendly, time-efficient, and cost-effective. It enhances transparency, ensures quick information dissemination, and improves administrative efficiency and public service across all aspects of education. The institution successfully implemented the ERP services for Undergraduate and Post -Graduate Engineering and MBA Programs in the current Academic Year with a total expenditure of Rs 1,61,500/-.

S. No	Name of the Service	Area of Operation
1	College Automation Software (ESSAP)	<p>This software plays a crucial role in streamlining daily participation and administrative processes. Developed with cutting-edge technology, it offers a flexible and integrated platform for students, teachers, administrators, and other staff members. As a web-based application, users can conveniently access it from anywhere using their login ID and password. The actions performed using ESSAP software includes:</p> <ol style="list-style-type: none">1. Student Attendance Posting2. Time Table Schedule3. Student Biodata4. Syllabus Coverage5. Lecture Notes6. Staff Attendance

E-GOVERNANCE POLICY

12.1 E-Governance

- Introducing an E-Governance policy within an organization entails utilizing digital technologies to improve administrative processes, communication channels, and overall operational efficiency.

Scope:

The scope of the policy extends to the following areas

Administrative tasks, including handling complaints

- Student admissions procedures
- Examination processes
- Library management
- Financial and accounting matters

Objectives:

Rolling out e-governance across all departments of the institute.

- Setting up a Wi-Fi enabled campus.
- Moving towards a paperless setting.
- Establishing a fully automated library system.
- Overseeing all college activities

Website:

The institute's website will serve as an information hub for stakeholders, showcasing the various activities conducted within the institute. It will provide updates on departmental activities, available programs, Course Outcomes (COs), Program Outcomes (POs), Program Educational Objectives (PEOs), and Memorandums of Understanding (MoUs).

PRINCIPAL
ESWAR COLLEGE OF ENGINEERING
NARASARAOPET-522 601, Guntur (Dt)

Administration:

- A policy has been implemented to automate staff attendance using a biometric attendance management system.
- A policy has been established to generate monthly and semester-end reports through software and to maintain an efficient database using Excel.
- A policy has been adopted to reduce paper-based administrative tasks and utilize email for communication.
- A policy has been put in place to ensure the proper functioning of all CCTVs on campus.

Student Admission:

- A policy is established to maintain an open and transparent strategy for the admission process, with admission inquiries, eligibility criteria, and details available on the college website.
- To enhance dissemination, the college showcases its brochure and banners on its website.

Accounts:

- A policy has been implemented to ensure the organization maintains its accounts using Tally software, with provisions made to update the software as needed.

Examination:

- A policy decision has been made to align with JNTUK University's standards, enabling the use of the same examination software as the university portal.
- The portal facilitates students' access to course selections, marks, attendance records, and results, allowing them to review internal marks and end-semester results. Any discrepancies can be reported in accordance with JNTUK University's e-governance policy.

Library:

- A policy decision has been made to regularly update the DELNET software for library processes.
- A policy has been established to manage stock within the software. • The policy dictates periodic updates to e-learning resources for the benefit of learners.
- A policy has been implemented to utilize a barcode mechanism for lending books and for entry purposes.
- Establish a digital library system offering students and faculty access to extensive academic resources, journals, and research papers.

ERP (Enterprise Resource Planning) Document

To implement a system of integrated applications to manage and automate all academic, administrative, and other tasks within the college, utilizing resources such as our website, the university website, state government resources, and various types of software.

Implementation of ERP in Academic Process

- The following areas of the Teaching-Learning process were taken for partial automation. (Staff & Student)

Syllabus, lesson plan, planning of teaching hours, teaching methods and aids,
Student database and creation of learning resources

Student Attendance (Daily attendance, weekly attendance, and master attendance
for monitoring the student performance)

Student support activities (internal mark entry, compilation, and conversion of
internal marks, log in Email creation, online fee payment, feedback system,
development of student

Staff support activities (creation of database, staff personal/official portal,
attendance, leave entry, payroll connectivity, and performance appraisal)

Administrative Area (Admission, Enquiry, Processing of application, student
database, Transfer certificate, Project Bonafide certificates etc.)

Finance area - Accounting and report generation, payroll, online fee payment,
mobilization of funds using ERP

Partial Automation of Office and Administration (Generation of various reports, Fee, Exam, Admission, etc.)

ERP Documents and Screenshots are classified.
