S.no	Name of the Course	Offered by	Offered to	Regulation	No of Students Enrolled	No of Students Certified	Year/Sem	Justification
1	Internet of Things	Department of CSE	Students of Civil	R20	18	18	III B.Tech I Sem	This is course required to enhance the skills of Students for transformative technology that enables devices to communicate and exchange data in real-time. Hence department of CSE Offered this course to the students of Civil as a Certificate course. Total 18 Students certified out 18 students registered
2	Basics of Signals and Systems	Department of ECE	Students of EEE	R20	6	6	III B.tech -I Sem	The basics of signals and systems are justified by its universal application in communication, control, signal processing and system modelling.
3	Industrial Elecotronics	Department of ECE	Students of EEE	R20	7	7	II B.Tech -I Sem	Industrial electronics are justified by their ability to transform and optimize industrial processes, leading to higher efficiency, precision, safety and cost effectiveness.

5	Python Programming	Department of CSE	Students of Civil	R20	18	16	III B.TECH II Sem	This is course required to enhance the skills of Students for Python is a high-level, versatile programming language known for its simplicity, readability, and wide range of applications. Hence department of CSE Offered this course to the students of Civil as a Certificate course. Total 16 - Students certified out 18 students registered.
6	C# Programming	Department of CSE	Students of CSE	R20	65	65	III B.Tech I Sem	This course is very helpful for students at present situation. Total 65 Students certified out 65 students registered.
7	Cloud IOT Edge ML	Department of ECE	Students of CSE	R20	56	56	IV B.TECH I Sem	This is the present trending technology for software students this is very helpful for getting opportunity in software industry. Total 56 Students certified out 56 students registered.
8	Natural Language Processing	Department of ECE	Students of CSE	R20	56	56	IV B.TECH II Sem	This is course required to enhance the skills of Students for natural language processing Hence department of ECE Offered this course to the students of CSE as a Certificate course. Total 56 Students certified out 56 students registered.

9	Technology Management	By CSE Department	MBA students	R19	35	35	II-I MBA	The Technology Management course is important for our MBA program. It helps students gain skills needed in today's tech-driven business world through hands-on projects and a mix of management, engineering, and IT. It is not in our curriculum so we offered this course to our MBA students by CSE department, out of 35 students 35 students certified.
11	Rocket Engines	Department of AME	Students of Mechanical	R20	12	12	III B.Tech -II Sem	It is not a subject in curriculum. By incorporating a course on rocket engines into value add on course, mechanical engineering students gain specialized skills and knowledge that enhance their career prospects and ability to contribute to innovative projects in a rapidly evolving field.
12	Fundamentals of Computers	Department of CSE	Common to All Branches	R20	214	214	I B.Tech-I Sem	To help students understand theoretical concepts and utilize technology effectively. This supplementary learning enhances their confidence and equips them to meet the digital demands of their future.
