SCHEDULE OF THE PROGRAMME:

S.NO	Day-Wise	Course Content
1	Day-1	**Foundations of Cyber Security** **Introduction to Cyber Security** • Overview of Cyber Security • Importance and Current Trends **Understanding Cyber Threats** • Types of Threats (Malware, Phishing, Ransomware) • Real-world Examples and Case Studies **System and Network Vulnerabilities** • Common Vulnerabilities • Tools for Vulnerability Assessment **Cyber Security Best Practices** • Password Management • Multi-Factor Authentication • Secure Configurations
2	Day-2	**Practical Skills and Tools** **Recap and Objectives for the Day** **Hands-On: Implementing Security Measures** • Configuring Firewalls • Installing and Updating Antivirus Software **Network Security Fundamentals** • Network Design and Segmentation • Intrusion Detection Systems **Incident Response Planning** • Developing an Incident Response Plan • Roles and Responsibilities **Hands-On: Simulated Attack and Response** • Simulated Cyber Attack Exercise • Analyzing and Responding to the Attack
3	Day-3	• Advanced Topics and Integration • Security Policies and Procedures • Building a Security Culture • Legal and Ethical Considerations • Capstone Project: Security Assessment

WORKSHOP:

The main Objective of this workshop Equip participants with essential cyber security knowledge, including threat identification, vulnerability management, and incident response. Provide practical skills for implementing security measures and fostering a culture of cyber awareness. Ensure understanding of legal and ethical implications to enhance overall organizational security posture.

ABOUT ESWAR COLLEGE OF ENGINEERING

Eswar College of Engineering was established during the academic year 2008 -09 and sponsored by Shaik Dada Saheb Charitable Trust, with a vision of Imparting futuristic ethnical education and instill high patterns of discipline in order to set global standards and making the students technologically superior and ethically strong. The young and dynamic promoters have selected this rural area with lot of foresight. The Institution is spread over 22 acres of lush green landscape and located at 5th km stone on the Narasaraopet– Chilakaluripet Road. The Institution offers the UG Courses B.Tech-CIVIL, EEE, ECE, CSE, AME, ME, PG Courses M.Tech-PE&ED, DECS, CSE, and CAD/CAM & MBA. The

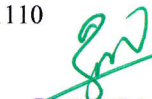

Tourist places nearby are Kotappakonda, Amaravathi, Suryalanka Beach. **Eswar College of Engineering is having MOU with International Institute of Information Technology IIIT-Hyderabad and introduced CIT Programme for students Digital Class facility is also provided inassociationwithManipalK12,Bangalore**,thevery first college in Andhra Pradesh

Kesanupalli (V), NARASARAOPET (MD)
Palnadu Dist A.P 522 549

SCHEDULE OF THE PROGRAMME:

S.NO	Day-Wise	Course Content
1	Day-1	**Current Trends and Technologies** • Topic: "Innovations Shaping the Future of ICT" ***Emerging Technologies*** • Overview of AI, blockchain, and cloud computing • Impact on various industries • Case studies and examples ***Digital Transformation and ICT*** • Strategies for implementing digital transformation • Tools and technologies driving change • Real-world success stories ***3ICT in Data Management and Analytics*** • Big data, data lakes, and analytics tools • Techniques for data-driven decision making • Hands-on demonstration or interactive activity
2.	Day-2	***Cybersecurity and Risk Management*** • Key cybersecurity threats and trends • Risk management strategies • Best practices for securing ICT systems ***ICT Infrastructure and Cloud Solutions*** • Cloud computing models and services • Infrastructure as a Service (IaaS) and Platform as a Service (PaaS) • Practical considerations for cloud adoption ***IoT and Smart Technologies*** • Overview of Internet of Things (IoT) and smart systems • Applications in smart homes, cities, and industries • Hands-on demonstration or interactive activity

WORKSHOP:

The objectives of a two-day workshop on Information and Communication Technology are to provide participants with a comprehensive understanding of emerging ICT trends, enhance practical skills through hands-on sessions, explore current industry challenges, and foster networking opportunities. The aim is to keep attendees informed and adept in a rapidly evolving tech landscape.

Training Methodology:

• offline

RESOURCE PERSON:

CH.GOPI RAJU

INTRODUCTION:

The Internet of Things (IoT) refers to the network of interconnected devices, sensors, and objects that can communicate and exchange data over the internet. This technology enables the seamless integration of physical and digital systems, facilitating automation, monitoring, and optimization in various domains, from smart homes and cities to industrial processes and healthcare.

SCHEDULE OF THE PROGRAMME:

Day-Wise	Course Content
Day-1	Introduction to IoT IOT Architecture and Applications
Day-2	Hands-on IoT Project Future Trends and Challenges in IoT

The objective of the Internet of Things (IoT) is to connect physical devices and enable them to communicate, share data, and perform tasks autonomously. By integrating sensors, actuators, and connectivity technologies, IoT aims to enhance efficiency, productivity, and convenience across various domains such as healthcare, agriculture, smart cities, and industrial automation.
